

Chemistry Syllabus for NEET Crash Course (15 Classes)

S. No.	Topics Covered
1	Some Basic concepts in chemistry : Structure of Atom
2	Solid State : Solutions
3	Organic chemistry basics : Hydrocarbons - Introduction
4	Hydrocarbons: Alkanes, Alkenes and Alkynes
5	Hydrogen : s-Block elements
6	p-Block Group 13-18
7	Thermodynamics : Chemical Equilibrium
8	Electrochemistry : Chemical Kinetics
9	Haloalkanes – Haloarenes : Alcohols phenols Ethers
10	Aldehydes Ketones Acids, Amines
11	d-Block & f- Block Elements : Coordination Compounds
12	Redox reactions : Ionic Equilibrium
13	Surface Chemistry : General Principles of Metallurgy
14	Periodic Classification : Chemical Bonding
15	Polymers, Biomolecules : Chemistry in everyday life
